Biographies

Secretary

Josh Herzig

Josh Herzig worked in the world of Big Insurance and have spent all of that time educating folks on specific and seemingly intricate insurance products and programs. His unique skill set enables him to educate case managers on how best to prepare and educate their patients on the Medicaid that is most applicable to them. He joined CMSALI in 2020 for the purpose of bettering his relationships with case managers and he feel strongly that he has an obligation to be part of an organization that helps case managers. Just like case managers enable him to help the people of NY learn more about Medicaid so he would like to be part of the apparatus that helps case managers better themselves. He is currently serving as the Secretary of the CMSA Long Island Chapter and would like to continue to serve the membership.
