

**With Our CMSA Coalition - Virtual Zoom CEU Event
Tuesday, August 3, 2021 6:00 PM**

Time: Zoom Presentation: 6:00-7:30 PM

Topic: ***"Aging in America and the Role of the Family Caregiver"***

Overview: Aging in America impacts social, economic, and clinical issues. What people want as they age vary depending on many things. Goals and wishes are individualized and having an interdisciplinary team working for you can help you accomplish / meet them in today's world. This webinar will leave you with an understanding of aging in America and how social, clinical, financial, and legal issues impact patients and possibly determine how and where they live in order to make the changes necessary and obtain the services needed for a patient to achieve their goals.

Objectives:

- ✓ Aging in America (and New York) and what people want
- ✓ Who is caring for the elderly and what does it cost
- ✓ How to plan and why an interdisciplinary approach works
- ✓ Legal issues, benefits, resources, and solutions to best protect assets and pay for the care you need in order to:
 - To achieve the best possible quality of life
 - To meet individualized needs and goals
- ✓ Who are America's Caregivers and what do they do answering the following:
 - Am I still a caregiver even if I have help or my loved one is in a facility?
 - How to building a caregiver team and who is on it?

Presenter: **Dianne M. Zambori, RN-BC, NE-BC, CCB, MBA, BSN, LNHA, FACHE**
Director of Care Coordination Services

Dianne Zambori is a registered nurse, certified in both gerontology and nursing administration. She graduated from Molloy College with a BSN, obtained her MBA in Health Care Administration from Hofstra University and recently achieved certification in Medical Bioethics through the Dean School of Law at Hofstra University. Dianne is licensed as a nursing home administrator in New York and is a fellow in the Academy of Health Care Executives. Dianne is committed to educating and assisting clients and their caregivers / families so that their individual health care choices are heard, supported, documented, and honored and all care transitions happen timely and safely utilizing appropriate payment sources and community resources while protecting assets.
